**2) Feedback From Teacher On Curriculum:**

Total responses collected: 22

i) **Applicability/relevance to real life situations & local developmental needs -**

Out of the 22 responses recorded the 60% of responses are in favour of the excellent option while 20% of responses are in favour of good option. 10% of responses are satisfactory and 10% responses are opted for the average/below average option.

ii) **Weightage given to Employability:**

60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.

iii) **Weightage given to Entrepreneurship:**

50% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are satisfactory and 10% responses are opted for the average option.

iv) **Weightage given to Skill development:**

40% of responses are in favour of the excellent option while 50% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.

v) **Weightage given to Project:**

70% of responses are in favour of the excellent option while 20% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the below average option.

- vi) **Weightage given to practical and field work component:**  
50% of responses are in favour of the excellent option while 40% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the below average option.
- vii) **Depth of the course content:**  
60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.
- viii) **Inclusion/incorporation of latest advancements in the subject:**  
40% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 20% of responses are satisfactory and 0% responses are opted for the average/below average option.
- ix) **Difficulty level of course content:**  
50% of responses are in favour of the excellent option while 40% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.
- x) **Optimization of course content:**  
50% of responses are in favour of the excellent option while 40% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.
- xi) **Mechanism used for development /revision of curriculum by BOS (e.g. feedback from educationalist, industry expert):**  
50% of responses are in favour of the excellent option while 40% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.
- xii) **Relevance of learning objectives of the syllabus:**  
60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the below average option.
- xiii) **Relevance of Course outcomes:**  
60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the average/below average option.
- xiv) **Weightage given to Learning values (in terms of knowledge, concepts, manual skills, analytical abilities and broadening perspectives):**  
60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.

xv) **Quality, Clarity and relevance of textual reading / reference material / Study material:**

70% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 0% of responses are average and 0% responses are opted for the below average option.

xvi) **Overall rating:**

More than 50% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are average and very few responses are opted for the below average option.

### **3) Student feedback on curriculum**

Number of responses collected-110

#### **1. Applicability/relevance to real life situations & local developmental**

##### **Needs**

70% of responses are in favour of the excellent option while 20% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the average/below average option.

#### **2. Weightage given to Employability**

60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are satisfactory and 0% responses are opted for the average/below average option.

#### **3. Weightage given to Entrepreneurship**

50% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 20% of responses are average and 0% responses are opted for the average/below average option.

#### **4. Weightage given to Skill development**

60% of responses are in favour of the excellent option while 20% of responses are in favour of good option. 20% of responses are average and 0% responses are opted for the average/below average option.

#### **5. Weightage given to Project**

50% of responses are in favour of the excellent option while 40% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the below average option.

#### **6. Weightage given to practical and field work component**

60% of responses are in favour of the excellent option while 30% of responses are in

favour of good option. 10% of responses are average and 0% responses are opted for the average/below average option.

**7. Inclusion/incorporation of latest advancements in the subject**

60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the below average option.

**8. Difficulty level of course content**

60% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are average and 0% responses are opted for the average/below average option.

**9. Fulfilment of Learning objectives**

70% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 0% of responses are average and 0% responses are opted for the below average option.

**10. Level of Course Outcomes**

70% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 0% of responses are average and 0% responses are opted for the below average option.

**11. Weightage given to Learning values (in terms of knowledge, concepts, manual skills, analytical abilities and broadening perspectives)**

75% of responses are in favour of the excellent option while 25% of responses are in favour of good option. 0% of responses are average and 0% responses are opted for the below average option.

**12. Quality, Clarity and relevance of textual reading / Reference material / Study material**

70% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 0% of responses are average and 0% responses are opted for the below average option.

**13. Creation of interest to pursue higher education**

50% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 20% of responses are average and 0% responses are opted for the average/below average option.

**14. Overall rating**

More than 50% of responses are in favour of the excellent option while 30% of responses are in favour of good option. 10% of responses are average and very few responses are opted for the below average option.

## **ATR ON FEEDBACK 2022-23**

The feedback on curriculum was forwarded to the parent university in September 2023.
